## EDUCATION

### Rutgers Business School

Bachelor of Science in Marketing | GPA 3.7

New Brunswick, NJ

Expected May 2029

## WORK AND LEADERSHIP EXPERIENCE

### Rutgers School of Public Health

New Brunswick, NJ · Sep 2026 - Present

#### MarCom Student Assistant

- Develop and oversee digital content promoting school programs, initiatives, and events to student and community audiences while supporting consistent schoolwide communication across academic resources and outreach campaigns.
- Collaborate with school partners to produce videos that strengthen awareness of public health programs, initiatives, and events among prospective students and community partners across the school's digital channels.
- Coordinate messaging and visual content across projects, ensuring materials remain clear, consistent, and audience-focused.

### Rutgers University

New Brunswick, NJ · Sep 2026 - Present

#### AV Technician

- Operate soundboards and audiovisual systems, monitor live presentations, and resolve technical issues so presenters deliver clear, uninterrupted content to in-person and remote audiences throughout university events.
- Coordinate with presenters and event teams to set up, test, and oversee equipment, adapting to new systems and communicating with speakers throughout live programs to maintain presentation quality and prevent delays.
- Maintain working knowledge of soundboards, microphones, displays, and presentation systems to troubleshoot equipment efficiently and support consistent event delivery.

### Escalera Internship Program

New Brunswick, NJ · Jun 2026 - Aug 2026

#### Marketing Intern, Rutgers Center of Latino Arts and Culture

- Executed student outreach during Rutgers New Student Orientation, generating more than 500 mailing-list sign-ups and approximately 25% growth in engagement while expanding awareness of CLAC programs among incoming students.
- Created digital and print marketing collateral and campaign assets supporting fall programs, events, and community engagement.
- Partnered with CLAC staff to pitch student-engagement campaigns and coordinate messaging and event execution, aligning campaign goals, audience needs, event timelines, and promotional materials across campus programs.

### Memory Mission

Remote · Jun 2026 - Aug 2026

#### UX/UI Intern

- Designed high-fidelity prototypes and interactive product experiences in Figma through a user-centered, iterative design process.
- Built reusable design systems, component libraries, and page architectures to improve consistency and product communication.
- Produced animation concepts and reusable interface templates that helped standardize visual elements across digital product screens.

### Rutgers CreativeX UX Design Fellowship

New Brunswick, NJ · Jan 2026 - Apr 2026

#### UX Design Fellow

- Co-developed Sensibl, a second-place app concept, using consumer research, wireframing, and prototyping with a three-person team while translating findings into product decisions and presenting a final recommendation grounded in user needs.
- Communicated consumer insights and product recommendations in a final presentation to fellowship mentors.

## PROJECTS

### Latino Action Network Emerging Leaders Youth Summit

New Brunswick, NJ · Aug 2026 - Present

#### Marketing Lead, From Tomorrow to Today: Owning Your Power as a Leader

- Lead summit visual communications by creating save-the-date graphics, digital invitations, a program-agenda website, and presentation slides that maintain consistent messaging throughout attendee outreach and the live program.
- Conduct outreach to Lambda Sigma Upsilon Latino Fraternity, Inc. and the Rutgers Latino Student Council, coordinating promotion with student leaders and expanding the summit's reach among Latino student communities.
- Coordinate marketing deliverables with Latino Action Network and Rutgers partners to keep program information, visual assets, and outreach materials aligned before the event.

### Rutgers Women in Product Designathon

New Brunswick, NJ · Apr 2026

- Co-developed TrimSpend, a personal-finance app for college students, in a five-day designathon; earned first place.
- Conducted user research, created wireframes and an interactive prototype, and presented customer insights that connected college students' financial needs to clear product features in the final concept.
